

Team Building

Utilizing Interactives and Field Games

There are many options when it comes to our Interactive and Field Games Team Building Services. From easy and relaxed to organized and regimented. It all depends on the goals of the group. In any case, the participants will have fun while learning about themselves, their teammates, and competitors. Additionally, through varying degrees of competition, the individual and group will discover what they may accomplish.

Tonz of Fun offers many interactive events and games from which to create a custom Team Building Event. Once a combination of games are chosen, we will put a program together including those elements/games, support services and pricing.

No matter what the final lists of interactives/games are, we will put them into a program customized to your goals. The programs range from individuals to teams competing against each other. The following are two examples of a customized team building program:

Easy and Relaxed: Individual and/or Team

All participants compete in the following 5 elements. The Individual will earn points based on performance. The individual will then add their points to their other team member points to determine a final winning team:

Corn Hole
Pop A Shot Throw
Ladder Golf
Speed Pitch
Tetherball

Organized and Regimented: Team

Individuals are divided into teams prior to the event. They choose a team name, mascot, colors, and captain. Upon arrival, all teams check in with team building headquarters where they get their instructions and games assignment. A round-robin of head to head competition commences in 15 minute time slots. Competitive Games may include:

Obstacle Course Relay . Dizzy Bats, Soccer Dribble, Balance Beam, Buddy Skis, Potato Beach Ball, Tire Run, Sack Race
Volley Ball
Inflatable Obstacle Course
Pit Challenge
Big Trike Races
